KENNETH A. GIBSON
MAYOR
NEWARK, NEW JERSEY
07102

June 17, 1985

Mr. Frank D'Ascensio
City Clerk
City of Newark
City Hall
Newark, New Jersey 07102

Dear Mr. D'Ascensio:

1457

I am vetoing Ordinance 6S&FJ, adopted June 5, 1985, and urge that the Municipal Council reconsider their action on this matter.

Specifically, I am vetoing the Ordinance because it breaches the provisions set forth in the Faulkner Act. The administrative processing of personnel forms is within the sole jurisdiction of the Department of Administration, Divisions of Personnel and Budget. As such, the Personnel Division works in conjunction with the State Department of Civil Service and certain processes they undertake require more time than suggested by the Ordinance. In the same regard, the Budget Office works in conjunction with the Office of Local Government Services to insure that all personnel actions are in compliance with fiscal regulations.

On the other hand, if the Municipal Council and/or the Office of the City Clerk feel that an inordinate amount of processing time is attributable to "certain personnel forms," this Administration is amenable to look at this on a case by case basis, and, if necessary, amend any personnel practices required to alleviate the problem.

Sincerely,

Kenneth A. Gibson
Mayor

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

Ordinance prescribing the method for obtaining the interest rate where same is necessary for determining the "Annual Gross Revenue" as defined in the Urban Renewal Corporation and Association Law of 1961 as amended and supplemented (N.J.S.A. 40:55C-40 et seq.) for a unit residential condominium.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

WHEREAS, the "Urban Renewal Corporation and Association Law of 1961," as amended and supplemented (N.J.S.A. 40:55C-40 et seq.) (hereinafter the "Law"), permits at the option of a municipality conferring unit residential condominium tax exemption, the use of the maximum interest rate to be set by the Commissioner of Banking under N.J.S.A. 31:1-1 as a factor in determining "annual gross revenue;" and

WHEREAS, Federal Banking Law has pre-empted state regulation for establishing maximum lawful lending rates, rendering N.J.S.A. 31:1-1 ineffective; and

WHEREAS, it is necessary to establish an alternative interest rate for determining the annual service charge for a residential condominium unit;

NOW, THEREFORE, BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

1. That during such time as the Commissioner of Banking is unable to set the value which may be taken for any loan secured by a first lien on real property because the Federal Banking Laws have pre-empted his right to establish the maximum lawful lending rates, then as a substitute rate for the one prescribed by the "Law", the interest rate factor will be that used on the second day of January and the first day of July of each year by the Penn Federal Savings Bank, Newark, New Jersey, as the interest rate prevailing for the granting of a nonsubsidized conventional first purchase money mortgage loan on a one-family residence for the term of thirty (30) years or the term of the unit residential condominium tax exemption, whichever term is the lesser, to a qualified borrower whose security for a loan is the borrower's one-family residence and who has acceptable credit standing with ability to make the required downpayment to purchase the property; provided however, that if this rate of interest is lower than the rate of interest in the condominium unit owner's first purchase money mortgage, the latter interest rate is to be the factor.

2. No later than the first regularly scheduled meeting of the Municipal Council following a January 2, and July 1, date, the Tax Collector shall report in writing to the Mayor, the Council and the Law Department the interest rate offered by Penn Federal Savings Bank for granting a mortgage meeting the terms and conditions heretofore prescribed,

3. The annual service charge on improvements to be paid pursuant to the "Law" shall be in addition to the proportionate payment of land taxes on each unit.

4. This Ordinance shall take effect upon its publication and passage according to law.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

FROM: WILLIAM J. SCHWARTZ
ASSISTANT CORPORATION COUNSEL

RE: STREET SWEEPING - CONTRACT #84-37

DATE: SEPTEMBER 4, 1985

Based upon the discussion at yesterday's pre-meeting conference with several members of council, it was agreed that this department would prepare language to reflect the reason why the Municipal Council, on August 7, 1985, rejected all bids and authorized a re-advertisement of the above referenced Contract.

The following language should be read:

"At the last regularly scheduled Municipal Council Meeting of August 7, 1985, the full Council voted to reject all bids for street sweeping Contract #84-37 and to rebid same. Although the reason for rejection was discussed at the pre-meeting conference; no reason was set forth at the regularly scheduled meeting of August 7, 1985. In order to clarify the record, I will now state the reason.

The reason for rejection of all the bids and re-advertising same was that the lowest bidder, A & A Automotive, submitted a non-responsive bid and the next lowest bidder, De Janna Industries, submitted a bid which exceeded the amount budgeted for this Contract. For these reasons, this Contract has been rebid."

Assistant Corporation Counsel

RE: WINIFRED DONOHUE v. CITY OF NEWARK
JOSEPH DONOHUE (deceased)
WORKERS' COMPENSATION COURT
DEPENDENCY CLAIM PETITION
NO. 83-06386

RECEIVED
CITY OF NEWARK
SEP 23 1985
PM 4:30

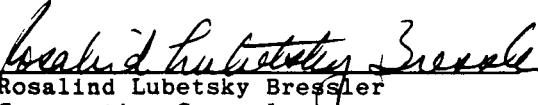

Attached is a Resolution authorizing settlement in the above captioned matter. Kindly add this to the next Council Agenda.

Winifred Donohue on behalf of herself and a retarded child, Kathleen C. Donohue, alleged that the death of her husband, Joseph Donohue, was caused by work effort with the City of Newark. Investigation by the City of Newark disclosed that the deceased Joseph Donohue, while employed as a City of Newark Firefighter with the Newark Fire Department, did indeed work and was stricken on the job on October 30, 1981 with a heart attack. Deceased received treatment immediately and was hospitalized and died on December 2, 1981 from the effects of a fatal heart attack without ever leaving the hospital.

The investigation further revealed that the petitioner was working on the aforesaid date having suffered a prior heart attack on October 18, 1976 while in the employ of the City of Newark for which he had filed and received an award in Workers' Compensation. As the instant claim was disputed, Crossroads paid \$31,283.74 to cover medical costs for which it filed a lien to recover its expenditures with the Division of Workers' Compensation. The initial exposure to the City of Newark in Workers' Compensation is approximately \$89,550.00 for the first 450 weeks and payments would continue into the future to provide for the support of his widow and his retarded child until their deaths. The additional exposure to the City of Newark for the support of his retarded child based upon her life expectancy alone would be an additional \$500,000.00.

This matter was tried for several days in the Workers' Compensation Court and was conferenced by Judge Saland and a settlement of \$45,000.00 for dismissal with prejudice to this claim was advanced and was acceptable to the Court, petitioners and their attorney. In addition, the attorney for Crossroads Health Plan was contacted and after negotiations Crossroads agreed to accept \$10,000.00 in full satisfaction of its total lien of \$31,283.74.

Based upon all the facts and circumstances surrounding this matter, a settlement in the amount of \$45,000.00 for a dismissal in this action, and a payment of \$10,000.00 to fully satisfy the outstanding medical lien would be in the best interest of the City of Newark and it is recommended to the Municipal Council.
Should the Council have any questions, please feel free to contact me.

for

Gallantly expressing the residents of the State of New Jersey's abhorrence of the racial segregation policies of the Republic of South Africa whose government legally enables some 4 million whites to maintain political, social and economic control over nearly 27 million Blacks and blatantly denies their fundamental prerogative of human dignity by pioneering a course of action which led to New Jersey State Governor Thomas H. Kean's enactment of Assembly Bill No. 1309, which mandates the State of New Jersey to divest its 2 million dollars in state pension funds from companies and financial institutions doing business in the Republic of South Africa; and does also salute Members of the New Jersey State Legislature for their support of Assemblyman Brown's Bill which not only places the Garden State among the first in the nation to impose significant economic sanctions and declare its concern about the current suffering in South Africa, but also demonstrates its belief that the economic consequences of divestment is trivial in comparison to the moral imperative of walking to end apartheid and preserving the integrity of equality and freedom for all mankind.

For his long and distinguished career of social service in the City of Newark; and the Council does salute Mr. Hunsinger as the tireless and selfless servant of some of Newark's most deprived and forgotten citizens; since his arrival here in 1942 he has devoted much of his time, his wisdom and his energy to the expansion and improvement of private social services in the community, and he served with the utmost dedication with the United Way of Essex and West Hudson for 34 years, and since then has been president

October 16, 1985

of the Greater Newark Christmas Fund, which was established by him in 1972 to replace the old Newark News Christmas Fund; during his illustrious but unsung career he has also lectured at the Newark Police Academy, served as Vice Chairman of the Mayor's Committee on Drug Addiction and member of the Mayor's Committee on Youth, and has helped organize the City's celebrations of "I Am an American Day" and Youth Week; and in aiding countless thousands of persons in more than four decades he has brought great distinction to his profession and to the community; and the Council does wish for him in retirement many more years of good health, great happiness and fresh opportunities to bring a touch of hope into the lives of the least fortunate among us.

ASSISTANT BUSINESS ADMINISTRATOR

For his noteworthy contributions to the conservation of the environment; and the Council does salute Mr. Banker on his recent installation as the President of the International Society of Arboriculture, representing the high esteem in which he is held by fellow professionals in the nurture and protection of trees; he has done more than any New Jersey since Joyce Kilmer to increase public awareness and appreciation of the infinite beauty and utility which trees contribute to our lives every day and he has given much practical application to the great love of trees that has stirred poets and painters through the ages; he has campaigned across the country to designate Arbor Day as a major national holiday, so that the annual planting of trees might remind the public of how precious this living resource is; and through the family business which he founded 40 years ago and through the numerous professional and civic groups on which he has served, Mr. Banker has set the highest standards of professional excellence and selfless public service; the Council does applaud Mr. Banker as a true pioneer in the movement to protect our environment, and as a tireless champion of natural beauty in our communities; and the Council wishes for him many more years of professional achievement and personal happiness, and hopes that he -- like a sturdy oak -- may continue to grow and flourish, and inspire all who pass his way.

November 6, 1985

521

KENNETH A. GIBSON
MAYOR
NEWARK, NEW JERSEY
07102

October 22, 1985

Mr. Frank D'Ascensio
City Clerk - City of Newark
City Hall - 920 Broad Street
Newark, New Jersey 07102

Dear Mr. D'Ascensio:

I am vetoing Ordinance 6S & FZ (091885) because of its adverse affect upon the salaries of HCDA funded employees. Federal program budgets, in many instances, are not approved in a timely manner. It is most likely that the federal government will approve the budget well into the program year. accordingly, this ordinance would deny those employees retro-active salary increases. Moreover, the City's salary structure would not be uniform in that the salary for identical titles could very possibly be different dependent upon each title's funding source.

Also, this ordinance places an unfair restriction on the prerogative of the administration to insure an equitable salary structure for its management employees, especially in light of the fact that the Municipal Council consistently continues to delete the proposed salary increases for subsequent years in multi-year salary packages for management employees.

Sincerely,

Elton E. Hill
Acting Mayor

A recessed meeting of a special meeting of November 15, 1985, of the Municipal Council of the City of Newark, New Jersey, was held on the above date in the Council Chamber, Second Floor, City Hall, Newark, New Jersey, at 9:56 A.M.

President Grant called the meeting to order and asked for roll call.

Present: Councilmen Carrino, Martinez, Rice, Tucker, Villani, President Grant; City Clerk Frank D'Ascensio, Clerk of the Municipal Council, Assistant Corporation Counsel Glenn Grant.

Absent: Councilmen Branch, James, Payne.

City Clerk D'Ascensio read letter dated November 13, 1985, from His Honor, Mayor Kenneth A. Gibson, calling a special meeting of the Municipal Council, for Friday, November 15, 1985 at 1:30 P.M., or as soon thereafter as Council can convene to consider the following legislation.

1. An Ordinance authorizing the City of Newark to submit a bid to purchase approximately 90 acres of land on Doremus Avenue in the City of Newark being known as part of Block 5082, lots 10 and 10A and part of lot 85 from the Passaic Valley Sewerage Commissioners for a sum not to exceed 4.6 million dollars.

3. An Ordinance authorizing the City of Newark to Exchange approximately 90 acres of City owned land located on Doremus Avenue for approximately 84 acres of land located on Haynes Avenue woned by Consolidated Raid Corporation.

City Clerk D'Ascensio stated it was necessary to consider the following legislation in order to consider an ordinance authorizing acquisition of land for Passaic Valley Sewerage Commission Land Acquisition Project.

Resolution amending 1984 Capital Budget, by adding 2184-Passaic Valley Sewerage Commission Land Acquisition Project-\$4,600,000.

President Grant stated, "In accordance with New Jersey P.L. 1975, Chapter 231, Section 5, adequate notice of this meeting has been provided by notifying by mail the Newark Star Ledger and Elizabeth Daily Journal, by posting on the designated bulletin board in the basement of City Hall and by filing in the Office of the City Clerk on December 13, 1984, the schedule of regular meetings and conferences of the Newark Municipal Council.

Councilman Tucker requested, through the Chair, that Assistant Corporation Counsel Glenn Grant give explicit details on how this would impact on the City of Newark's 1986 budget.

Assistant Corporation Counsel Grant stated the proposed ordinance is financed pursuant to the City's 1984 Capital Budget so it would not affect the 1986 budget. He indicated the funding or the financial transaction between Conrail and the City of Newark required that Conrail, at the time of closing, is required to give the City back the acquisition costs. He noted the City is fully funding this project and money has been set aside in the capital budget and in the capital surplus in order to make the land acquisition and to be certain that the Local Finance Board gave approval. That is why the City funded the project even though they had the option of going out for bonds.

Councilman Tucker, requested through the Chair, that Assistant Corporation Counsel Grant clarify if there was a possible conflict of interest voting on these matters since he is a Member of the Passaic Valley Sewerage Commissioners.

Assistant Corporation Counsel Grant stated there was a question in regard to Councilman Tucker's participation in the vote pertaining to the City's acquisition of Passaic Valley's property in light of the fact that he is also a Commissioner on Passaic Valley. He indicated it was the Law Department's opinion that these two actions stand independently of each other and that his position as both a Councilman and also a Commissioner is one that has been okayed and is one that is legally recognized. In addition, his participation in the vote on this particular subject matter is one that is mutually independent and therefore there would be no conflict of interest.

Resolution authorizing Business Administrator to enter into contract with Richard E. Johnson, 119 Sunset Avenue, Newark, lowest responsible bid, to provide Inspection of Real Property for the City of Newark, for period December 1, 1985 to November 30, 1986, inclusive, for sum not to exceed \$92,400., funds provided in 1985 Adopted Budget of Office of the City Clerk.

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to adopt the resolution was made by President Grant, seconded by Councilman Rice.

Councilman Tucker queried if this could be limited specifically to the foreclosed properties or do they have to deal with this for the entire year.

President Grant indicated they would have to limit it to whatever the specifications are in the contract.

Assistant Business Administrator Banker indicated that under the terms of the contract specifications the amount of the contract will be determined by that which is assigned to Mr. Johnson and that is in the hands of the Clerk at your direction. The terms of the contract set a specific unit price on different classes of inspection activities and he bid on the minimum that he could do during a certain time period, namely an eight week period. The way the contract works is the City is not bound to any minimum, but it is totally at the City's control and discretion, the total amount of work assigned on this. It can not exceed the number of properties we have to inspect but it could conceivably cover every property currently owned by the City, but it is up to the Council as to what is assigned.

Councilman Carrino noted if 6000 pieces have to be inspected then this amount will be substantially higher.

Assistant Business Administrator Banker noted it would require additional certification of funds if the \$92,000 was exceeded.

Councilman Carrino queried if an investigation had been as to how much it would cost to have city employees do this inspection?

Assistant Business Administrator Banker noted the contract was bid to have the objectivity of the inspection unrelated to anybody's other city duties that there be a specific outside person taking an objective look. The principal

concern at the time the specs were presented to the Council was with properties on which structures stand as opposed to vacant lots. They are talking about 800 properties, maybe 1000 maximum that are the target of this effort. The vacant lots were considered a secondary concern and one that probably would be waived if the price wasn't representative. The principal thrust was improved properties which will not cost \$92,000. to do in their entirety and won't require a whole year.

Councilman Tucker stated the emergency they are dealing is only on the foreclosed units and also owner occupied units. After the emergency, the option to hire employees to do the inspections is viable.

The motion to adopt the resolutions was declared adopted by President Grant by the following votes:

Yes: Councilmen Carrino, Martinez, Rice, Tucker, Villani, President Grant.

Absent: Councilmen Branch, James, Payne.

He said he had been told this was happening because there are not enough City personnel to read the meters, that the remotes are broken and that in some instances no one is home. He would like an answer on this matter in writing.

Assistant Business Administrator Banker advised he would provide a written response as to the reasons why such an event is taking place.

Councilman Rice requested, through the chair, that a letter be forwarded to the Water Department and to Assistant Business Administrator Banker with reference to this matter.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Tucker, seconded by Councilman Carrino.

Councilman Tucker requested, through the chair, that the statement made by the Law Department at the Special meeting of November 18, 1985, be incorporated into the minutes of this meeting.

At the meeting of November 18, 1985, Assistant Corporation Counsel Grant stated there was a question in regard to Councilman Tucker's participation in the vote pertaining to the City's acquisition of Passaic Valley's property in light of the fact that he is also a Commissioner on Passaic Valley. He indicated it was the Law Department's opinion that these two actions stand independently of each other and that his position as both a Councilman and also a Commissioner is one that has been okayed and is one that is legally recognized. In addition, his participation in the vote on this particular subject matter is one that is mutually independent and therefore there would be no conflict of interest.

The motion was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Villani, President Grant.

Not Voting: Councilman Tucker.

President Grant: The yeses are eight, the noes are none and one not voting. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.
